📍 Navi Mumbai, India

WORK EXPERIENCE

RAIT, Navi Mumbai

Data Science and ML intern

Dec 2022 - Jan 2023

- Developed a machine learning project from scratch and got a taste of **AI, ML, Data Science** with company experienced staff.
- **Weekly reports** and meeting with the management
- Creating project via learning methods like **SDLC, Agile, Neural Networks** and various complex methodologies
- Worked with various libraries like **Tesseract, scikit-learn, Open-cv** etc
- Participated in an **IDBI Intech workshop** focused on real-world applications of technology.

EDUCATION

AC Patil College of Engineering, Kharghar

Bachelor of Engineering(IT) - 8.71

2020 - 2024

PROJECTS

Olfactory classification for fruits using hardware and ML [🔗](#)

2023 - 2024

- Developed a low-cost Electronic nose that help us to identify the **VOC through sensors** that determines the fruit ripeness.
- Integration of various technologies like **IOT, Machine Learning, App Development and Cloud**
- The sample used were Banana, Tomato and Potato

Anti-Sleep Driver Glasses

June 2023 - Dec 2023

- Hardware based project that uses **IR sensor** to check whether driver is sleeping or not and beeps the alarm while also stopping the car.
- Worked with various concepts and protocol of **IOT**

Unique Recipe Website

June 2022 - Dec 2022

- Created **responsive website** for managing recipes also had videos and animated recipes.
- Various Technology like **React, Express, MongoDB** were used.
- API was used in this project also **VR(Virtual Reality)** of a recipe was added in website to make it interactive so user could perform cooking virtually.

Vehicle Detection and Counting [🔗](#)

Jan 2023 - June 2023

- Implemented **computer vision algorithms** to detect, track and count vehicles in **real-time** video streams.
- Applied various **OCR detection** methods.

SKILLS

Technical Skills - DSA, Computer Networks, DBMS, SDLC, OOPS.

Programming Languages - Python, Java, Javascript, SQL, HTML/CSS

Frameworks - React, Express.js, Node.js

Dev Tools - VS Code, AWS, Postman, Git, Github, MongoDB

Technologies - AI/ML, APIs, OpenCV, Cloud Computing, IOT

Certifications - JAVA-DSA-OOP(UPGARD), AWS BUILDER SERIES(2022),JAVASCRIPT, BOOTSTRAP(UDEMY)
